

TEUTONS HAMMER IN SAVAGE MANNER AT RUSSIAN LINES

Next Big Effort of the Invaders Will Probably Have for Its Objective Vilna and Dvinsk.

DESPERATE RESISTANCE OFFERED BY RUSSIANS

But Austro-German Offensive Seems to Be Making Slow Headway — Optimistic Rumor in London in P.

London, September 12.—The next big German effort, it is believed here, will be made against Vilna and Dvinsk. Already the Teutonic armies are hammering savagely at the Russian lines.

west of Irvinsk. There is no waning in the heavy battles being fought along the eastern front, now stretching from Riga on the Baltic to the Rumanian border. From Riga southward to the Galician border the German and Austrian troops are pushing

males and Austrians, who are receiving reinforcements and munitions by rail-way and river, are trying to force their way to the Dvina and to the main trunk of the important railway lines.

WITH DESPERATION.
The Russians continue desperate resistance. The Austro-German offensive, however, is making slow but steady headway, particularly along the Rou-

Having reached the Dvina at Fried
richstadt and driven the Russian

across the river, the Germans are in a better position to advance on Dvinsk as there is no danger of an outflanking movement. The slowness of the operations probably is due largely to the condition of the country and the

Every day's delay is giving the Russians a breathing space and enabling them to make preparations for greater resistance on chosen lines protected by marshes and swollen rivers.

OPTIMISTIC RUMOR ABOUT DARDANELLES.

The Russians are increasing their activities in the Caucasus, and it is believed the...

Nicholas will be the signal for operations that will lessen the burden on the allies trying to force the Dardanelles. No report has been received from the Gallipoli front for upward of a week.

An optimistic rumor, however, is again afloat, probably due to the state

ment recently made by Lord Robert Cecil, under-secretary for foreign affairs, that the allies are not far from a great success.

There has been little or no cessation of artillery engagements in the west. A few isolated attacks by German infantry have taken place, but Paris says these have been repulsed. There has

Diplomats still keenly await the outcome of the Balkan negotiations. It is said Serbia has agreed to cede Macedonia to Bulgaria if Bulgaria joins the

allies, and that Bulgaria has agreed, in case of victory for the allies, Serbia shall have Bosnia, Dalmatia, Croatia and Slavonia.

RUSSIANS RETIRE.
Petrograd, September 12.—(Via London, September 13, 1 a. m.)—Tonight's Russian war office statement says that the armies of the Niemen will retire a short distance, still holding back the

The statement reads:
"Owing to the salient of our armies on the Niemen and to the south of the Niemen, it has been decided to withdraw them shortly while continuing to hold the present positions."

sector we had to sustain very strong attacks on the lith on the lower Zeliwanka and the road leading to the Slonin and Baranovich regions, and also at Zeliwa, Kozhany and southeast of Kossow.

On the lower Zelwianka we repulsed fierce German attacks throughout Saturday. At Zelwa our fire destroyed an enemy battery and here the enemy, under cover of a most violent fire, continued attacks on both sides of the road and until nightfall.

On the Baranovich road, also, the enemy made another attack supported by heavy artillery. Here we captured four hundred Austrians and Germans, four machine guns and ammunition wagons. The actions near Rozhan were of a slighter character.

In the direction of Pinsk there has been no change. The enemy is endeavoring to advance from the Kolki region eastward, on both banks of the Styr. In the Rovno region the enemy having been reinforced, is continuing his offensive in the Derazno district.

"In the direction of Kremenetz attacks continue to be made on the bank of the upper Goryn without any success by the Austrians, who have been constantly repulsed with great losses. Of 200 Austrians captured, forty are

enemy attacks in which the Austrians suffered heavy losses, despite the fact that they received considerable reinforcements. Here the enemy emitted a smoke cloud to the extent of two verstas (a mile and a third) along the front.

Weather Prophecy

Washington forecast:
Georgia—Fair Monday and probable Tuesday.

Tennessee, Kentucky—Fair Monday and probably Tuesday.

In the direction of Pinsk there have been no changes reported. The enemy continues to advance from the Kola river valley toward the banks of the Styr. In the Kovro region the enemy has been repulsed several times by his offensive in the Izerano district. There have been no attacks.

"In the direction of Zhitomir," tactics continue to be based on the tanks of the upper Cossack without any aid by the Austrians, who have been constantly repulsed with great losses. Of 200 Austrians captured, forty are being held as prisoners.

"In the region of Tarnopol the enemy has been repulsed several times by the Russian. North of Tarnopol the enemy has been repulsed several times by the Russian officers and 150 soldiers, including German and Czech guns and much booty in repeating rifles and machine guns. The enemy has suffered heavy losses, despite the fact that he was reinforced by two battalions of reinforcements. Here the enemy emitted a large number of gas shells. The Germans (a mile and a third) along the front."

In the 6-4th north of Tarnopol our troops defeated great advantage.

AFTER TRIPLE MURDER NEGRO IS SHOT DEAD

Jack Bowers Killed Wife and Two Members of a Sher.

Carlisle, Ark., September 12.—Jas. Bowers, a negro, today shot and killed his wife at the home of another man near here, after being fired into by a posse killing Dr. W. H. Crawford and J. Johnson, a constable, and wounding Chester Carson, a constable, and a man, death when a mob riddled the cabin which he had barricaded himself. Three other negroes who were in the cabin were also shot and killed by the posse. A strong guard was maintained at the prison tonight to prevent any violence.

After killing his wife-Bowers fled to his father's home, where he barricaded himself and opened fire on the posse which had pursued him. In the exchange of shots both Bowers and the young man was wounded. When news of the shooting was brought to Carlisle the only members of the posse who had escaped injury, the mob quickly formed and riddled the thin walls of the building with shots.

None of the other negroes in the building when Bowers was said to be there, however, were said to be relatives of Bowers, was wounded. Whether they participated in the shooting was not known.
